

Where do I go if I am always on my own at break or dinner?

We would love to see you in A18! We have a room that is staffed at break and dinner and students who would prefer a safe environment to socialise come here. It's not always quiet but students love our little family feel and play board games, computer games or do their homework with support if needed.

Students can eat their snacks and dinner in there (no hot food unfortunately) and new friendships are often formed in here across the year groups

Access to A18 is by invite only and this is identified by your Primary School and the SEN dept.
