

Geography – Preparation for sixth form

Welcome to A Level Geography at King Egbert School! We look forward to meeting you all in September.

There are two **compulsory tasks** that must be completed for September:

1. Complete the flash cards (one set for urban and one set for water and carbon) given to you at your induction session. You need to define the key term on each card.
2. You then need to use each key term in a sentence

These will be checked to see if they have been completed in your first geography lesson in September.
