

Water and Carbon Key Term Sentences

Write one sentence using each key term.

Key term	Sentence
System input	
System flow	
Dynamic equilibrium	
System output	
Positive feedback loop	
Lithosphere	
System store	
Negative feedback loop	
Hydrosphere	
Cryosphere	
Condensation	
Surface run-off	
Atmosphere	
Latent heat	
Interception	
Evaporation	
Evapotranspiration	
Soil water	
Stem flow	
Biosphere	
Decomposition	
Channel flow	
Photosynthesis	
Combustion	
Carbon sequestration	
Hydrocarbon fuel extraction	
Weathering	
Deforestation	
Wildfires	
Mitigation
